Character	<p>G series Ultrasonic mist humidifier adopts integrated mist module inside. The chip is replaceable. It is easy to maintain, and boasts high humidification efficiency. Diameter of fog output is only1-10u. Maximum relative humidity reaches 99%.</p> <p>Intelligent control, accurate humidity control: Humidity control system with imported world leading probe. The control precision is within + 5%. Easy to move, convenient to install</p> <p>Able to move, and able to be mounted on external wall. Both automatic and manual humidify control are available. It depends on you.</p> <p>Stainless steel boy, clean and reliable</p> <p>Equipped with standard water feeding gap, water release switch, overflow gap etc. The water feeding gap will fill water automatically.</p>	<p>G series Ultrasonic mist humidifier adopts integrated mist module inside.
